Introduction

Why do some things go viral while others don't? Why do some products get more word of mouth than others? It's not random. There's a science behind it. Six key principles drive things to become contagious: Social Currency, Triggers, Emotion, Public, Practical Value, and Stories.

This is an expanded section from 'Introduction' in 'Contagious' by Jonah Berger. In the full version of this book, this chapter contains detailed analysis, real-world examples, case studies, and practical exercises that help readers deeply understand and apply the concepts discussed. The author draws from years of experience and research to provide actionable insights that can transform the way you think and work. Each section builds upon the previous one, creating a comprehensive framework for mastery. The principles outlined here have been tested and validated through extensive practice and have helped countless individuals achieve remarkable results in their respective fields.
